Dear Theo and Staff,

Thank you so much for your excellent service. In particular, thank you for correctly diagnosing and fixing the computer that controls the raising and lowering of my car's top. Last week, on a cloudy day, with Bob out of town, I could not get my car's top to go up. My choice was either the dealer in Union City or you. Thank goodness I made the right call and came to Theo's Automotive!

I didn't have an appointment, and even though you had a full day of repairs on other cars, you stayed until mine was fixed and took it home with you for safe keeping. We were able to pick it up before work the next day.

Bob and I were already pleased with the routine maintenance you have given us in the past, but this went above and beyond. We are now proud to join the legions of Peachtree City residents who say, "Take it to Theo's".

Gratefully,

Susan Berschinski
