Subject: Your Attitude

Theo,

I dropped by today because of the reoccurring blockage in my cooling system.

You immediately serviced the car and got me back on the road in 15 minutes.

This was all without an appointment.... and best yet at no charge.

It has been a long time since have had such a positive experience at a repair shop.

Thanks again. I will continue to recommend your service to my friends and acquaintances.

Have a Happy New Year.

Matt

PS The best remote control access service is

www.logmein.com
